Governor Lombardo issued Executive Order 2026-003 directing Executive Branch agencies with rulemaking authority to review the regulations subject to their enforcement and identify opportunities to streamline, clarify, amend, repeal, or otherwise improve Nevada's regulatory environment.

The purpose of this meeting is to receive and discuss feedback, recommendations, and suggestions from regulated industries, businesses, community organizations, consumers, and other interested stakeholders. The Consumer Affairs Unit is particularly interested in feedback concerning the laws and regulations it administers and enforces, including NRS Chapter 598.

Stakeholders are invited to identify provisions that may be outdated, unclear, unnecessarily burdensome, or otherwise appropriate for review. Feedback received during the meeting will be considered as the Consumer Affairs Unit prepares its report and recommendations in response to the Executive Order.

This stakeholder meeting is intended to gather public input. It is not a formal rulemaking proceeding, and no regulations will be adopted, amended, or repealed during the meeting.

Please see the attached agenda for additional meeting information. We appreciate your participation and look forward to receiving your feedback.

Sincerely,

Shane Persaud
